Came and stole what was pure, sucker punched  
through the door  
Caught off guard even though, my heart has reaped  
what it sowed  
Fraudulent web lies, shut the light from our eyes  
Separate for a while, all we know is on trial

We will rise, we will rise again  
Don't deny a love so prized  
We will rise, we will rise again

Faced with truth now I know, what I did was so low  
Our future stays on my mind, your heart has been so  
maligned

A better life is ahead, in the past I was dead  
Commitment screamed out and bled, choose the best  
life instead

We will rise, we will rise again  
Don't deny a love so prized  
We will rise  
We will rise, we will rise again  
Don't deny a love so prized  
We will rise, we will rise  
We will rise, we will rise again
