[Hook - 4x]

From dope game smuggler, to poetic hustler  
One love two thugs, see mama prayed for us

[Grace]

Said your prayers spoke my name, before my life done changed  
At one time to get in the game, but now I'm having thangs  
Legalized the bigger picture, what I'm focusing on  
On a mission for what you wishing, getting my grind on

[Wood]

I'm on my grind finna shine, fresh off lock getting mine  
I did my bid and my time, now God is showing me signs  
I never reign I'll retire, because this game is so deep  
Mama told me get off your ass Wood, get on your feet

[Grace]

I feel the pain when you cried, told me a part of you died  
When I got caught with hands dirty, apprehended to drive  
See the ship like Flip, when your free boy got locked  
But your praying for life saving, never did once stop

[Wood]

I need some love but the judge, got a grudge against thugs  
My fo' of bub' plus the drugs, acting bad at the club  
Candy and swang and I aim, red beam protected  
My million dollar mob, we Southwest connected

[Hook - 4x]

[Grace]

Never once stopped loving me, and to this day my backbone  
Down with me when I'm broke busted, call dead to the roam

Mama did it you the realest, put it down so you could  
hear it  
Communicate the poetry, making sure that you feel it

[Wood]

Mama prayed everyday, seems I was raised to be  
made  
Broads get laid boys get sprayed, I'm all about getting  
paid  
Turn down my collar that's it, I can't be missing a lick  
Soaking up game from the rich, and I'm breaking  
bread with my click

[Grace]

If it don't make dollars don't make sense, and what I  
said must repent  
Make a mistake and learn from it, don't forget where I  
went  
What I had what I made, what I lost what I took  
Up and down repercussions, in the life of a crook

[Wood]

Peddy scheme buster, cheddar cheese smuggler  
Triple beam hustler, promethazine guzzler  
Feddy green struggler, act mean mugger  
I'm a heavyweight, cream juggler

[Grace]

Up's and downs no one around, turn my smile upside  
down  
My family there for me, when I need help off the  
ground  
Mama Mia old man, Sonny's mama and my brothers  
Couple down forever partnas, with A-B-B's on the other

[Wood]

Where was you at, when I was down on my ass end  
Even though it's past tense, you trying to see when we  
cash in  
Smashing and mashing, so watch my glass in  
I ain't capping what's happ'ning, I'm tailgating Grace  
up in that black Benz

[Grace]

Funny handshake, playas hate they smile telling lies  
They see us backstabbing, jealousy on the rise

[Wood]

My enterprise wise guys, we from the city of the bayou  
Los Luchiano a fly though, and he mashing in a Tahoe

[Grace & Wood]

One mission one team, two thugs same dream

One target two beams, three slabs fo' screens

Five hoe three hoes, two mo' at the do'

We came a long way baby, and still got far to go - 3x

[Hook - 4x]
