Again
Falling faster into
This disaster
Awaiting the response
So typical of you

Reminding me of the thoughts
I thought had washed away
The sight lingers more
And you smell of faint deceit

Open your eyes the repressed
Thoughts you once had come to life
Around you see there's no way out

Remove yourself
And you will see,
You will see
Your ignorance,
Your ignorance
Is what keeps you free

Oh

Lies of the broken
Spitting their words
Forsaken

Spreading their curse

Making it harder to be
What you've tried to show
Burning away inside me

What you could never be

Wagging your tongue around
Dripping with envy

Remove yourself
And you will see,
You will see

Your ignorance,
Your ignorance
Is what keeps you free

Lies of the broken caught

Lies of the broken
Spitting their words

Reminding me of the thoughts
I thought had washed away
The sight lingers more
And you smell of faint deceit

Remove yourself
And you will see,
You will see
Your ignorance,
Your ignorance
Is what keeps you free

Remove yourself
And you will see
Your ignorance
Is what keeps you free
