Reveal the poison
Covering
Everything
Like malice gripping its hand
To choke out impurities

Zig zags coursing through our veins
What stands now to purify?
Lead the thoughts just a bit further
To a conclusion you can't deny

It all comes to this comes
To what is now defined
What you see worth living for
When death is justified

That's right, just keep it in
Make sure it hits you right here
Push past the surface and
Reveal the fear

The fear

You act live you've won and
There's nothing to fear
There's no longer restraints
To hold you here
And I will define
What you'll never
Be

Never be
That's right, just keep it in
Make sure it hits you right here
Push past the surface and
Reveal the fear

You act live you've won and
There's nothing to fear
There's no longer restraints
To hold you here
And I will define

What you'll never
Be

You acted like you won
And there's nothing to fear
There's no longer restraints
To hold you here
And you'll go on with
Life day by day
Following suit
With the masquerade

You act live you've won and
There's nothing to fear
There's no longer restraints
To hold you here
And I will define
What you'll never
Be

Never be
