See that girl, she got a pretty face and all
Sometimes the call of the wild
Can make you feel like a criminal
I don't know that I shouldn't pretend
Cause the truth hurts honey, oh it offends
I just don't know nothing, that's an absolute

What ive lost, I just cant get back
To the place, that we shared
Hope you understand girl
What ive lost, I just cant get back
To the place, that we shared
Hope you understand, my love

"Come on open your eyes,
Come on open your mind" she said
You know its fun to rewind and replay all the things we
did
What once was lost just cannot be returned
What once was gone just cannot be returned so I say

What ive lost, I just cant get back
To the place, that we shared
Hope you understand girl
What ive lost, I just cant get back
To the place, that we shared
Hope you understand, my love

Oh no, cant believe that its over
You better believe that its over
Its over with you
Oh no, cant believe that its over
You better believe me
Cause its true, my love

What ive lost, I just cant get back
To the place, that we shared
Hope you understand girl
What ive lost, I just cant get back
To the place, that we shared
Hope you understand, my love
