And in the harbor she sleeps  
On her anchor waiting direction  
Then through the storms we align  
Life and search forever after

So we gather our way to  
Answer all of our failures  
(Failures)  
With hope and redemption  
Rest inside the flames  
Just continue the chase

Through the darkest  
Across the mouth  
And into this ocean  
We see through skin  
To never forget

When all hope is lost  
Hearts turn to lock  
Set your sights to improve  
Set your sights to improve

We gather our way to  
Answer all of our failures  
(Failures)  
With hope and redemption  
Rest inside the flames  
Continue the chase

Through the darkest  
Across the mouth  
And into this ocean  
We see through skin  
To never forget

When all hope is lost  
Hearts turn to lock  
Set your sights to improve  
Set your sights to improve

Don't let the lights turn out

This watery grave  
Inside every page  
Avoiding, avoiding

Don't let the lights turn out  
Don't let the lights turn out  
Don't let the lights turn out  
Don't let the lights turn

Across the mouth  
And into this ocean  
We see through skin  
To never forget

When all hope is lost  
Hearts turn to lock  
Set your sights to improve

And rest inside the flames  
Rest inside the flames  
Rest inside the flames  
Rest inside the flames
