Won't hesitate to pop those slugs
Have yo mammies and yo pappys
And yo motherfucking grammies
Fuck yo poppa was because
You too damn greedy with that money
Now I told you don't test
And you did something, pity
You wasn't shit
Blaze something about your motherfucking prints
The patience of this game
You best to learn
Trying to have it all
You gon' fall
We gon' make sure of that
Hoe we gon' make sure of that
Decipher or stress that
Me blasting with my tech
You test
I'll flex
I'll bring the sawed
Three buck shots in your vest
I'm making motherfuckers feel what I feel
This shit is real
Motherfuckers who miss
Consider them graves
Don't make me murder you bitch

Refr?o:

[MC Mack]

Get your dogs off me, pimping
It ain't no slipping
I'm running 'em on ya
MC Mack from the Killa Klan click
Got haters sick
Like they had pneumonia
Free me from this three way junction
Before I proceeding to take his life
And though I had them tear da any thugs from the

southside
Ready to blast on site
Weapons blasting nice and fastin
Got you dashing
Spray this boy
Calling up my band of Hollywood niggas
Whatever they ready for war
Let's let's make a stain
A stain on the lane
Youngin done hippeed me to the game
Bitches choosing out the frame
Is it the fame or is the the cheese?
Hoes be trying to smoke on my weed
And know that Mac done broke the laws
Or pay the dues for the things you see
Bitch please break your knees
Get off my chrome and get your own
Carla hit me on my horn
And said your momma aint at home
It's a hypnotize, kamikaze
Prophet Posse, like the nazis
You aint with the camp
Wack producers trying to fucking copy
Stop stealing buster nigga
Bitch go check the sound scan
We cashing checks and flipping that
These haters will never learn
Don't make me kill nigga
