And there's the police
So we'll all hurt me
See who's merciful [?]
(gunshot)
Ugh!
(coughing)
Roll on over
Over and over
Roll on over
Since you could
And I've been counting
By these hands, yes
I've been counting
By these hands, yes
This is why, I'm about to...
This is why, don't ask why
This is why, I'm about to...
This is why, watch them fly
Black and white
With your hate
Black and white
With your pain
And I've been standing
Walked on
Reached on
I've been held down
Held down power
This is why, I'm about to...
This is why, don't ask why
This is why, I'm about to...
This is why, watch them fly
This is why, telling them nothing
This is why, telling them nothing
This is why, telling them nothing
This is why...
Well I found it
Down inside
Watch it roll
Right through your side
Tell these people
That you believe them

Tell these people
Outside, let them...
This is why, I'm about to...
This is why, don't ask why
This is why, I'm about to...
This is why, watch them fly
This is why, telling them nothing
This is why, telling them nothing
This is why, telling them nothing
This is why...
This is why
This is why
This is why
