And when you wake up, we'll be memories
You'll try to remember and hold on forever
Don't try to come back
Cause nothing else will change
Try to remember and hold on forever

Can't you see?
I guess it wasn't meant to be
Try not to let go

Just like the first time you'll be happier
Sunday til Monday hoping for one day
And like this movie,
I want to see how it ends
Sunday til Monday hoping for one day..

Can't you see?
I guess it wasn't meant to be
Try not to let go

And you wake
We're memories
Try to remember and hold on forever
Can't you see?
I guess it wasn't meant to be
Try not to let go
