Flash back...
... Flash back...

Don't stop the music...

Tell me... tell me, my brother... (laugh)... No I have no
brother...
Not even justice, friendship or love... I just wanna get
truth...
Memory of my childhood, a big tree on the hill... looks
Like... something...
But, I know... I know the picture on my mind will tell me
what to do...
Yes... yes you know... it's called "Naked Mind"...

Don't stop the music... please...

Flash back...
... Flash back...
