Hey scenesters, Hey hey scenesters
Hey scenesters, Hey hey scenesters
Hey scenesters, Hey hey scenesters
You lot are in trouble now
Someones gonna cop it now, someones gonna cop it
now
Hey darling, Hey hey darling
Hey darling, Hey hey darling
Hey darling, Hey hey darling
Everybodies happy now
Nobody ain't laughing now, nobody ain't laughing now

She was the glamorous type
There were times that you'd never have guessed it
Did you see her clothes?
Everyone said she looked like a mess, yeah
Ok, alright (you think you're a leader)
About last night (well we won't ever believe you)
I was feeling strange (one last fling)
Slightly ashamed (we're nothing, it's alright we're
leaving)
Casual looks (when we were steaming)
Have said enough (we're nothing, it's alright we're
leaving)
It's different scenes
