And I'm learning how to fight  
Kissing you goodnight  
But I still can't really tell you why I'm blue  
And I'm learning how to fight  
Kissing you goodnight  
And the reasons you'll never really find

You took me out to breakfast  
I guess that means I spent the  
Night in your room  
And I still don't know what to do

And now I know I've got to  
Do all these things without you  
Although I dont ...  
It still tells me what to do, yeah!

And I'm learning how to fight  
Kissing you goodnight  
But I still can't really tell you why I'm blue

And I'm learning how to fight  
Kissing you goodnight  
And the reasons you'll never really find

You took me out in the night too  
I guess to see what I'd do  
Because I didnt really do anything at all  
Because that's what I'm like with you

And now I know you've gone home  
Back to wherever you came from  
And all I've got is a song  
On a record I don't even own, aaaah!

And I'm learning how to fight  
Kissing you goodnight  
But I still can't really tell you bout my blues

And I'm learning how to fight  
Kissing you goodnight

And the reasons you'll never really fi-i-ind  
Find, find, fi-i-i-iind
