By the time they lost him,  
They'd realized he was a good lad.  
He no longer goes to parties,  
'cause last time hurt bad.  
Yeah they were all laughing,  
Talking behind his back.  
They said he'd been asking strange things like this:  
"Do you love me?" No!  
Well don't say that 'cause  
Shit on your doorstep and you'll lose us.

On top of the world, he stopped outside the station and  
said  
"Let's be having you out, you can't do that son"  
When I'm drunk I can be an arsehole,  
But that don't mean I've got no class no,  
Why can't we have something going on?

You think about others too much,  
Well that's a strange put down.  
'cause no-one has the same opinions, so where's the  
harm in asking  
"Do you love me?" No!  
Well don't say that 'cause  
Shit on your doorstep and you'll lose us.

On top of the world, he stopped outside the station and  
said  
"Let's be having you out, put that back son"  
When I'm drunk I can be an arsehole,  
But that don't mean I've got no class no,  
Why can't we have something going on?

But I don't know if anyone cares, or not.  
But I have never liked you idiots,  
Why can't we have something going on.

You're gonna lose us...  
On top of the world, he stopped outside the station and  
said  
"Let's be having you out, you can't do that son"

When I'm drunk I can be an asshole,  
But that don't mean I've got no class no,  
Why can't we have something going .. on?
