"Angel Of Death"

Visit "[Angel Of Death](#)" on MotoLyrics.com

i'm your angel of death
i'll take you far away
i'm your angel of death
i'll take you away with me

what world could last to bear our love ?
what words could we find to explain it all ?

i'm your angel of death
i'll take you far away
i'm your angel of death
i'll take you away with me

what world could last to bear our love ?
what words could we find to explain it all ?
oh my, do i live to hope on ?
we're for one act, come, leave it all

i'm your angel of death
i'll take you far away
i'm your angel of death
i'll take you away with me
