Blood...

Blood...

Blood...

Far away from native lands  
Operation "Desert Shield"  
Prevent a war of conquest  
Military blockades  
Securing the peace  
Fighting for aggressor's rest

Beware of this place  
The anger is growing again  
Your buds lying there  
The symptoms are always the same

Concentration of armies  
No diplomatic conversation  
Belligerents and lack of self control  
Interventions by embargoes  
There is a crisis brewing  
Wanna get the treasure of the soil

Beware of this place  
The anger is growing again  
Your buds lying there  
The symptoms are always the same

Bloodtrails - Effervesced till world war III  
Bloodtrails - Suicide to kill the enemy  
Bloodtrails - No reasons and no common sense  
Bloodtrails - Call you to your end

Bloodtrails...

Bloodtrails...

Bloodtrails...

We got orders and inner instruction  
By bad educations  
Corrupt might took possession of our souls  
From land to land

To form new generations  
Where shadows join hand  
With their own living dead rules

Beware of this place  
The anger is growing again  
Your buds lying there  
The symptoms are always the same

Bloodtrails - Effervesced till world war III  
Bloodtrails - Suicide to kill the enemy  
Bloodtrails - No reasons and no common sense  
Bloodtrails - Call you to your end
