Silent calls of solitude
Waiting for decline
Delivered from their passion
To spill the blood tonight

Laughing dead corruption
The truth is just a fake
Undying hate is buried
Into a nameless grave

Don't be afraid
Don't run away

Their past has been divided
Emperor's sacrifice
The dead will take the reign
Blessed by the guns

City of God

Crawling deep into your soul
A life that fades away
Balanced on the edge of scorn
For whom you gonna pray

Terror without pity
Insane and tearing minds
All wars could be forgotten
When life is so unkind
Don't be afraid
Don't run away

Their past has been divided
Emperor's sacrifice
The dead will take the reign
Blessed by the guns

City of God

Don't be afraid
Don't run away

Their past has been divided
Emperor's sacrifice

City of God

The dead will take the reign
Blessed by the guns

City of God
