A twilight was in my mind
Fulfilled of suspended bare foreboding
Great overhauled forms of life

Touched me by my nightmare
Feel the inflamed impression in my soul
Appeared that I get blessed

Deathlike silence
Deathlike silence

Trustful eyes look up to me
Bring they harm in my exist
Terrible things revealed the curse

A petual attempt to blasphemic cruelty
Revealed me to that what I am
I hear it, feel it the weird

Deathlike silence
Deathlike silence

Grasp the sneep tamed snake
Drink fertite poison without ingure
Men spotless and pure heart
True secret as grave

Master of earth and all on it
No reason to despair
Ready to fo though hell
Always known the fate

Morbid addiction to pain
Talk to me in a prophetic sound
I am chosen to saw the true

That have rage as no earthly calamity
Looking for the center of labyrinth
But it's known in my unconscious mind
Escape to myself coined of envy

Deathlike silence

Deathlike silence

No reason to despair
Ready to go through hell
Always know the fate
Morbid addiction to pain

Deathlike silence
Deathlike silence

Fortify at a namn abness of deep
Infinite space of human existence
Broken is my lords foul work
Burst rebellious shouts of deads
All accurse by

Deathlike silence
Deathlike silence
