Your big brown eyes look sharp  
Beneath your neck  
I feel myself getting hard  
Spread your crack

Hellfire and damnation  
You sweat blood  
You feel yourself well served  
No you're not

Eat me!  
Eat me!

Number one in your face  
Number two on your cans  
Orgasmic rush of lust  
Rip off my pants  
Eat me!

Come on taste my candy cream  
Do the cannibal for me  
Built like a brick shithouse  
G.I.B

Eat me!  
Come on eat me!  
Eat me!
