Visit "[Master Of Disguise](#)" on MotoLyrics.com

Unnatural caresses of a man without remorse  
He didn't realize the fact that love can't be  
commanded  
Confusion and depravity, rituals of death  
Memories linger in his brain; dreams in a bed of nails

Possessed by all the souvenirs  
Possessed by crying children  
Spreading madness like disease  
Near death experience

Master of disguise

A dirty smile is integrate into killer's face  
Bloodshot eyese stare resolutely, watch the victim's  
race  
Welcome to the surgery; hearts will be removed  
Raping to find satisfaction; posing like a dog

Hidden deep inside

When the flame of life grows cold and every lie is true  
Ride the ings of sacrifice but never play the fool  
Incarnation of the evil one; crushing skulls and bones  
You don't belong to the human race  
No mercy for your soul
