Decease is just an irony of fate  
Multiple rites, I'm gonna lose my way  
Paraphillac body control  
To slay the phantom from my soul

You're gonna die

Unholy evil prophets rise  
Fire's raining from the endless skies  
Can you hear the final thunder roaring?  
Napalm in the morning, napalm in the morning

Skin peeling off to drop your timid mask  
You wish that death redeems you fast  
Creation of the fire seems the perfect nude  
Your carbonized torso just a part of you

You're gonna die

Unholy evil prophets rise  
Fire's raining from the endless skies  
Can you hear the final thunder roaring?

Napalm in the morning  
Napalm in the morning  
Napalm in the morning  
The napalm in the morning

Charlie close to me  
Smell of gasoline  
Physically abused

See the hollow face  
That burned down and raped  
Your petition refused

Screaming for your life  
Suffocation cries  
Religions been lost

Dancing in the flames  
That's your destiny

Surrendered to Gods

Unholy evil prophets rise  
Fire's raining from the endless skies  
Can you hear the final thunder roaring?  
Napalm in the morning

You're gonna die

Unholy evil prophets rise  
Fire's raining from the endless skies  
Can you hear the final thunder roaring?

Napalm in the morning  
Napalm in the morning  
Napalm in the morning

Time bomb warrior  
Flacking all around  
Fighting back their lies

You're my soul insane  
Blood stops feeding veins  
God damn monkey's bite

Ashes dung the ground  
Infuriate mauled  
Recrudescence of wounds

There's no time to waste  
Smash 'em without grace  
It's coming to you, to you
