Behind the scenes of destiny
I adore you in this song for me
Call me within your holy house to dwell
Let me raise for myself in spell

Voluptuously dancing daughters of the night sky
Sing the rapturous love song with high
Let your sweet scented juice run
Waste away under the lashes of my whip

Bath in sin
Sadistic souls
Break their crust
Sodomy and lust
Sodomy and lust

Carnal desire runs through my veins
Whipping boys and scapegoats cry in pain
Psychopathic terror during their sleep
My power asks why, my power is weak

Spineless bundles of my excess
Expurse of innocence and helplessness
In the perfumes of my secret orison
Fresh blood of children drops down on me

I take my bath in sin
Sadistic souls
Break their crust
Sodomy and lust

Madness, crime, disgrace, ptomaine
Excrements, contempt, violence, kill

Ordeals if a thousand deads congealed in gloom
Strike hard and deep, to hell with them, master
Mighty prophet's stature shall surpass the stars
My passion is the smell of cremation

I spit on your crapulous creed
Sucking your giveth delight and bright glory
Strive ever to be more joyous to the death

Don't fear any, God will deny you for this

Bath in sin

Sadistic souls

Break their crust

Sodomy and lust

Sodomy and lust
