A queen so old as time  
Secret beauty  
Under female ruins  
Whom she touched run cold  
In burying regions  
Of her empire  
the triumph about  
Life and death  
She teached you perversity  
From birth til eternity  
Every time we want to tug  
Unholy VOLCANIC SLUT  
Delivered the vibrating cleft  
She slides to right and left  
Feel her damp walls  
Kneads you swollen balls  
In wild orgies  
She is enslaved to show  
Damned and outlawed  
Her open wound  
Lewd and abnormal  
She pleads for fuild of love  
Hungry snd insatiable  
Hot as fire of vulcano  
She teached you perversity  
From birth til eternity  
Every time we want tug  
Unholy VOLCANIC SLUT  
Delivered the vibrating cleft  
She slides to right and left  
Feel her damp walls  
Kneads you swollen balls  
VOLCANIC SLUT
