My deadly art just imitate  
A vacant nameless life  
The knowledge of the victory  
With vervent demonized

I'll bring up all my biggest guns  
For those who never mind  
Submission and duplicity  
Don't want to lose my stripes

Warwhoops sounds from far beyond  
In duration of my sense  
My urges are revealed  
The trade of war it makes me tense

Abilities to kill a man  
Not firing a shot  
Repentance of my inner soul  
Can't help me to forget

Warlike conspiracy

Nobody hears my inner voice  
Imploring to his grace  
I turn my servile face to God  
But His face was turned away

My comrades diving hand in hand  
The bullets struck 'em down  
I followed them without a fear  
The mating call of war

Warlike conspiracy

Warlike conspiracy

My deadly art just imitate  
A vacant nameless life  
The knowledge of the victory  
With vervent demonized

My comrades diving hand in hand

The bullets struck 'em down  
I followed them without a fear  
The mating call of war
