Hey Hey  
Don't you like it  
There's nothing here  
Empty  
Don't you like it  
There's nothing here  
There's nothing like it  
Empty  
Don't you like it  
Empty  
Don't you like it  
Hey Hey  
Yeah Yeah Yeah  
Oooohwah  
There's nothing like it  
There's nothing here  
Don't you like it  
Empty  
It feels like vertigo  
Rising in flames  
Don't you buy that  
Fill your empty holes  
But you dont stay the same  
Its not like that yet  
Hey  
Don't you like it  
There's nothing here  
Don't you like it  
Don't you like it  
Don't you like it  
Don't you like it  
(Empty)
