Keep it on the fast track
How do you match this
But I digress
You said it best
"I love that song from Mexico"
Any effort of the last ditch
Could never match this
But then pullin' the plug
Was a stab in the back you missed
And you got a dark side
With the slightest of hands
I think I understand
And I don't mind

I'm not afraid to let you know
You got a hollowbody
What does it take to fill the void
Another hollowbody
I'm not afraid to to tell you so
You got a hollowbody
What does it take to fill the void
Another hollowbody

You're spillin' out
You though the bleeding would never end
You're empty now
And emptiness is not your friend
And you're spillin' it out
You been around enough to know
Can you figure it out...you're empty now...are you empty

I'm not afraid to let you know
You got a hollowbody
What does it take to fill the void
Another hollowbody
You gonna take or lose control
Without no other body
I'm not afraid to let you know
You got a hollowbody

I thought the feeling would never go...away
