It's so funny runnin' into you  
It has to be three years  
Since we last seen each other  
Many flashbacks come to mind  
Of the wild and crazy times  
We used to have with one another

We absolutely didn't care  
We would do it anywhere  
Eye contact, and it was over  
But that's when I was wildin' out  
I couldn't care less about  
Someone gettin' hurt  
I've done my share of dirt  
But I done wised up

Seein' you reminds me of  
All the nights I used to beat it up  
I would do it again, but I can't  
Cuz everything is different now  
I finally have settled down  
And became a one woman man

Ooh  
There were many others after you  
Quite a few one night stands  
Some of their names I can't remember  
Imagine wakin' up to someone new  
You barely even knew  
Time and time again

But there's someone for everyone  
I've been blessed to find that one  
Who makes me feel like no other  
You are lookin' good as hell  
But I can't go home with you  
Because I'm goin' home to her

Seein' you reminds me of  
All the nights I used to beat it up  
I would do it again, but I can't

Cuz everything is different now  
I finally have settled down  
And became a one woman man

Yo, yo, yo, yo...  
Ever since I hit the pussy  
I knew I was whipped  
We push the seats through the stairwell  
And fucked in the six  
I'm a dawg, Jersey dawg  
But the dog they caught by sugar walls  
It's so rich it's out the Barbie park  
Hey I admit I was the nigga yellin' fuck dem hoes  
But ever since you touched them toes  
My nuts done grewed (damn baby)  
You lookin' gravy in them XO jeans  
Ain't scared to ride the 9-2-9 at a buck 14  
Used to say you fucked niggas  
But really you didn't  
Was my own guilty consciounsce  
From em fuckin' these woman  
But that pussy, gotta get me a grip  
Shit I'll treat your kids to Disney with Mickey and shit  
Niggas say they don't love dem hoes  
Yeah that's right  
To the next man in the bed with they weds at night  
But you thug it out, suck it out  
Titties, nipples toughen out  
Half a dozen skittin' out the window, bustin' out  
That's my kind of bitch

Seein' you reminds me of  
All the nights I used to beat it up  
I would do it again, but I can't  
Cuz everything is different now  
I finally have settled down  
And became a one woman man
