Come on  
Come on, come on, come on  
Come, baby, fly with me  
Come on, come on  
Come, baby, fly with me

Why, oh, why do I feel this way  
'Cause when I'm loving you I don't care if it's night  
Or day  
Now people tell me you'll never love again  
And that your broken heart will take too long to mend

I've been watching you for quite some time  
And this much I can say, girl, I'm gonna make you mine  
I need ya, I want ya, ain't gonna let you slip away  
We've got it goin' on, girl, this ain't no pain

Come on and fly with me  
Take my hand, spread your wings  
We can be free  
Just fly away, you and me  
Gonna be all we can be

Let's talk about love, I know you have some doubt  
'Cause you've been hurt twice before, that's why you're  
Shuttin' me out  
I hear what you're saying, girl, I know how you feel  
For real

But if you check out my offer, babe, then you'll know  
The deal

That my love is unconditional for you  
And I've been patiently waiting for you to call out my  
Name  
Oh, I need you, oh, I need you, to be by my side  
Let's get it together, baby, 'cause, girl, you gotta  
Try

Come on and fly with me  
Take my hand, spread your wings

We can be free  
Just fly away, you and me

Baby, you can really find yourself in me  
There's no need to be alone  
Believe, baby  
I'll be all you need, I'll be all you need

Come on and fly with me  
Take my hand, spread your wings  
We can be free  
Just fly away, you and me

Come on and fly with me  
You and me, hand in hand, we will be together, baby  
Just fly away, you and me  
Come and fly  
Come and fly with me  
Come and fly with me
