Roller coaster, you're my lover undercover

Aah, you're my lover undercover
Up and down the roller coaster
Aah, you're my lover undercover
On the roller coaster

You're my secret lover
Always undercover
No one can know about this

Every time is rush time
Keep the light down, hush time
No one can know about this

We're on a roller coaster
That takes us up and down
Yeah, I'm having so much good times
With my lover undercover

Aah, you're my lover undercover
Up and down the roller coaster
Aah, you're my lover undercover
On the roller coaster

All my friends would freak out
If they knew we made out
No one can know about this
(You're my lover undercover)
No

When the cat is gone
We're dancing on the table
About all night long
(You're my lover undercover)
Yeah

We're on a roller coaster
That takes us up and down
I'm having so much good times
With my lover undercover

Aah, you're my lover undercover
Up and down the roller coaster
Aah, you're my lover undercover
On the roller coaster

Roller coaster
You're my lover undercover

Roller coaster
That takes us up and down
I'm having so much good times
With my lover undercover

Aah, you're my lover undercover
Up and down the roller coaster
Aah, you're my lover undercover
On the roller coaster

Aah, you're my lover undercover
Up and down the roller coaster
Aah, you're my lover undercover
On the roller coaster

You're my secret lover, undercover
Yes, you are
I'm here, you're here, we're here
Always there together

Ooh, yeah
Oh, my lover undercover, ohh
Roller coaster
