Take a drag of confidence
But I didn't want it
Just needed it to help the buzz
Hold my breath wash the blood and shove it down
No I love you baby
Just feeling the conscience

You're gonna hate me
When I dissolve away
Yeah you've been killing for me
I don't know where
Just go away I won't tell
And damn my head
Damn these chemicals
Just go away

I thought about you yesterday
And how I got so far now
But you've been pulling me back again
Scizopath arms of buises and my bodys pale
You know you're driving me crazy
I don't know if I'll ever win
You'll never break me
When I dissolve again
Yeah you've been killing for me.
I don't know where to go away I won't tell
And damn my head
Damn these chemicals
Just go away
Yeah

You're gonna hate me when I dissolve again
Yeah you've been killing for me.
I don't know where to go away I won't tell
And damn my head
Damn these chemicals
Just go away
Can't knock it tonight again
Just go away
Just want inside my skin
Just go away
