Black snake diamond role  
Twists away across the floor  
Trails away like mercury  
Have you ever seen her?  
Been right in between her  
She's a goddess  
You'll pay double  
Just to be a candlestick  
Black snake diamond rock  
Cut it hard and watch it shine  
Doing it with confidence  
Have you seen her squeeze a bulb?  
Singing like a window pane  
\_\_\_\_ glass she broke her voice  
Yes  
She's not young and she's not old  
She's a woman every time  
Got a penthouse full of dwarfs  
Lord, I wish that she was mine  
Well, maybe she is  
Rock around the fire escape  
Boogie with a question mark  
Dancing with a rubber snake

Going down the Milton ?keenes?  
Looking for my destiny, ha  
Feeling young and dignified  
In a velvet guillotine  
Yes  
Black snake diamond rock  
Hungry fingers in a smock  
Sucking on a ?cloaker's top?  
Tulips blossom in a shop  
Umm  
Tulips from Amsterdam  
Tulips from Amsterdam  
Joined together at the sides  
Black snake diamond role  
Gonna make it with my bride  
Gonna be a burly night  
Well I hope and feel alright  
Putting on a special smell

Leaves me in exquisite hell  
Tulips from Amsterdam  
Tulips from Amsterdam  
Tulips  
Black snake - Diamond - Role  
Yeah
