Men were executed, women bled
Meat and fish changed hands and children stayed up
late
Uh, huh
Coloured drums they ?displace? the night
There's a taxidemist looking for a fight
But now he's gone, oh yeah
Only the stones remain
Girls were decked with flowers and violated ?while?
Boys spat juice from a, out of their fresh young ?
bones?
Soldiers crossed their hearts and died ____ pretty girls
turned cold inside
But now they're gone, oh yeah
Only the stones remain
Oh they're gone, yeah
Only the stones remain
And the stones have forgotten them
The stones have forgotten them
They brake your body and drain the life out of it
It sinks into the soil while the soul flies up into the air
above
and when there's no more tears to cry
There's nothing left to do but laugh
State led collabarations collapse and cannibis
evaporates, honey
Only the stones remain
(Here they going)
Oh yeah, only the stones remain
Woah
Now they're gone, oh yeah
Only the stones remain
Oh yeah, only the stones remain
