I'll do anything

Anything at all

Just throw a little cash

In my direction

I'll sing anything
From rock to music hall

Just for a morsel of
Your attention
Maybe as a child
I wasn't given

All the love I needed

Maybe I'm a sad

Reflection of today
I'm desperate

I'm desperate

Desperate for love
I'm desperate
Any kind of love

Or attention
Don't have to tempt me

You won't see me resisting

See me in a magazine
Or I'm not existing
I'll parody myself
Just don't leave me on the shelf
Maybe I'm a symptom
Of a bigger problem
I'm desperate
I'm desperate

I'm desperate
Desperate for love
Any kind of love

Or attention
I'm always available

Without hesitation

Opening an envelope?

Just send an invitation

I'll dance for you

Pose for you

Take off all my clothes for you

Speak your words

Sing your song
Going gone!
I'm up for auction
I'm desperate

I'm desperate

I'm desperate
I'm desperate
I'm desperate

I'm desperate
Desperate for love
Any kind of love
Or attention
Any kind of love
Or attention
Any kind of love

Or attention
