#### FIRST SIGHT

Turns me around again  
Brings me face to face with my sin  
I've got it, always had it  
A reason to look within now

#### TAKE FLIGHT

To your sun again  
Burns the sin straight from my hands  
I've got it, always had it  
A reason to live within now  
Every time I fall  
You catch me  
And every time I lose control  
You help me, you save me  
And every time I lose myself  
You find me, redefine me

#### MY GOD

How stained my hands have been  
Makes me sick from inside out again  
I've got it, always had it  
A reason to look within now

#### STAND CLOSE

To my side again  
Never stuck a knife in my back, friend  
I've got it, always had it  
A reason to live within now  
Somebody to make me feel whole again  
(Better)  
Somebody to make me want to love again  
(My life gets better)  
Somebody to make me see the sun again  
(My life gets better)  
Somebody to hold me, hold me  
Until this life feels better  
Every time I fall  
And every time I lose control  
You help me, you save me  
And every time I lose myself  
You find me, redefine me  
And every time I hate myself  
You love me, forgive me

And every time I lose myself  
You find me, redefine me
