"Until It's Over"

It's been a long time
I'm home again
Nothing I remember is there
Will everything come back to me again?

I towed the line, I did my time, until it's over
I gave it all, I watched you fall, until the end

Everyone I know is gone from here
Please tell me where I've been
Now, everything ?
Come back tell me again

I towed the line, I did my time, until it's over
I gave it all, I watched you fall, until the end

Now I'm left without a home, there's nothing but sorrow
And I got no place to go
Memories are gone
I'm left without a home
I'm left all alone
Where are they? Only heaven knows
My memories are gone

I towed the line, I did my time, until it's over
I gave it all, I watched you fall, until the end
