And so they say they're leaving  
While you sleep away the day  
You go out every evening  
Collecting waifs and strays

They follow their illusions  
They don't know what to do  
They need a clear direction  
That's why they turn to you

You're pleading, please don't leave me  
Don't go from me so soon  
I need to be found  
For I'm astray too

Don't go  
Just wait until tomorrow  
Just wait until tomorrow

On the streets of Paris  
On the streets of Rome  
They find a home  
In shadow or in coffee bars

Down the winding alleys  
Through the brightly lit arcades  
No matter where they are

In and out of life, they wander  
Little waifs and strays  
They stay until you fall in love  
That's when they slip away

In the dark you'll see  
Those sad brown eyes come shining through  
Your heart will melt  
You felt the way they looked at you

Don't go  
Just wait until tomorrow  
Just wait until tomorrow

You find you need someone  
To love your days away  
Just when your heart is crying out  
Please stay, don't go away

Just wait until tomorrow  
Just wait until tomorrow

Yes, it's true  
I'm a stray too  
Yes, it's true  
I'm a stray too

Yes, it's true  
I'm a stray too  
Yes, it's true  
I'm a stray too
