

The Softies "Excellent"

you say that nothing is better than this
I feel the same and let you know with each kiss
that I love you
this thing is bigger than you or me
from here to heaven or across any sea
it's true

oh sweetie everything's excellent
oh sweetie everything's fine

I know I've said it already before
but every time means even more
I swear it's true
I'll never go back to how I was
I don't have to now because
I have you

oh sweetie everything's excellent
oh sweetie everything's fine
how did I get so lucky
or when will someone wake me
from this dream

it's much too good to be real
I can't believe the way I feel
but it's true

oh sweetie everything's excellent
oh sweetie everything's fine
everything's fine
