

The Softies

"Love Light"

Visit "[Love Light](#)" on MotoLyrics.com

We see the light
We see the light
We walk along
Hand in hand
We see the light
We understand

We see the light
High up above
We see the light
The light of love

We see the light
Bright red and blue
We see the light
Of love so true

We see the light
We see the light

-ORGAN SOLO-

We see the light
Bright red and blue
We see the light
Of love so true

We walk along
Day after day
We see the light
In our different way

We see the light
We see the light
We see the light
