You made me leave my happy home
Now, I'll always have to roam.
Since I fell for you

Love brings such misery and pain
I know I'll never be the same
Since I fell for you

You love me, then you snub me
But I, I don't know what to do.
You tell me that you love me
But what can I do, I'm still in love with you.

-ORGAN SOLO-

You love me, then you snub me
But I, I don't know what to do.
You tell me that you love me
But what can I do, I'm still in love with you.

And I get the blues most every night
I know I'll never feel just right
Since I fell for you

Since I fell for you
Since I fell for you
