He raped and beat her abused and broken body
He did it on a king size bed of sweet syringes.
Then spit on her and said if I was you I would
open up my own arteries for you are nothing.

Chorus: If you ask me why I killed him this is what
I'll say . If you ask me why I ripped him apart with my
bare hands this is what I'll say. If you ask me why I
murdered
anyone he ever loved this is what I'll say.

He toyed with her for another two hours before he did
the only humane thing and put a bullet in her eye.
He then left her body on my doorstep with a note that
read
you can have what is left of her she served her
purpose.

Chorus: If you ask me why I killed him this is what
I'll say . If you ask me why I ripped him apart with my
bare hands this is what I'll say. If you ask me why I
murdered
anyone he ever loved this is what I'll say.

This is why I found him in the middle of dinner with
his wife, and two kids in his own house.
This is why I did this this is how I can sleep at night.
Now that I think about it I did it because she was my
girlfriend

Chorus: If you ask me why I killed him this is what
I'll say . If you ask me why I ripped him apart with my
bare hands this is what I'll say. If you ask me why I
murdered
anyone he ever loved this is what I'll say.
