Yeah, testimony! Freedom!
The world wanna know what Topic been at
A lot on my plate to talk about that
Now let me see where I begin that!
First, I'm signing you know who
It was a fucking joke, and I don't wanna lie this boof
My confidence was broke,
But you gotta know in war is always casualties
I realize the hate is another former flattery
I drop my life between the lines, before I say them to
you
Sincerely... don't really think I'm playing, do you?
It's hard to make a change when all your feel is anger
And everywhere you go inside your jeans you talk
about the anger
Twisting off Kush to keep from flying off the anger
Cause you gotta watch your friends, more than you do
a stranger
Huh? what part of the game is that?
These streets are evil, they don't make me a maniac
Dispute it if you will, it won't change the facts
The proper principles apply, I could change my path!
Yeah, these suckers praying on my downfall
My potential is in this prices, is my catalog
The world will hear me out like something that Obama
spoke
Constantly I... the storm in Obama coat
I'm accountable for what you... to your speakers
My agenda feed the streets that I pledged alliance
Anything alive if it lives and has a season
Niggers, they wanna fuck with... cause I wanna please
them!
It ain't coincidental that my shit has depth to it
A lot of shit now, I don't hear I slept through it
I guess it has to do with the...
What other way to dedicate money, but love songs
Testimony hey!

Chorus:

This is my testimony

Motion pictures shooting cameras on me

Therefore I'm living like there's nothing to lose
At the end is all a part of paying your dues!
This is my testimony
Motion pictures shooting cameras on me
And you don't wanna miss a moment of the show

My former situation, I was getting fucked over
Now these hoe begged to put a Range Rover truck over
They seen me pushing strong, I killed the game
Like a street sweeper, I come, they clear the lanes
I built a flame, but it flickered out
Ways to perpetual, what's that taking about?
Unless you're sucking dick, and keep me out your
mouth
The vision won't die, that's what they bitter about
I go to war with the biggest...
I bet it all on one role and...
Pistol in my hand, need to talk to my father
Before I kill them, Lord, I'm...
Every man to blame Sodom and Gomorrah
The game is rough to rain, no foreign explorer
That's why you feel my passions is disputing it
It's death before dishonor, I'm at true religion! True!

Chorus:

This is my testimony
Motion pictures shooting cameras on me
Therefore I'm living like there's nothing to lose
At the end is all a part of paying your dues!
This is my testimony
Motion pictures shooting cameras on me
And you don't wanna miss a moment of the show
