Long time I been waitin' to get next to you  
Long time I been anticipatin' the things that I wanna do  
Long time I been feenin' just for one kiss  
Long time I been dreamin' bout feelin' your tenderness  
Sometimes I wanna grab you and just dance slow  
Sometimes I really feel the urge to let you know  
The feelings I have if you how deep they gom  
I gotta Krazy Krush on you but can't seem to let it go  
If you knew the heat I feel when our eyes meet  
So hot, so deep that it gets my knees weak  
So sweet, but the heat's got my heart skippin' beats  
I can't hide, though I'm tryin' to be discreet

[Chorus]

You got me feelin somethin'  
My heart it won't stop rushin'  
You got a sister blushin'  
Ooh dis Krazy Krush and  
You got me day dreamin  
You got a sister feenin'  
You got me thinkin' bout every word you ever said  
This Krazy Krush it keeps foolin' up my head

Long time it's all just been buildin' up inside of me  
Long time I just wanted to touch but I just let it be  
Long time I been searchin' for the words  
They just don't come  
Long time I been so certain dat you da one  
Sometimes I wanna grab you and just dance slow  
Sometimes I really feel the urge to let you know  
The feelings I have if you how deep they gom  
I gotta Krazy Krush on you but can't seem to let it go  
You come like sunshine they way you make my heart  
melt  
You give me flutterin butterflies I never felt  
You get me nervous I cant't keep my calm  
Sweatin' at the palms  
Temperature rise  
Hypnotised by your charm

[Repeat Chorus]

Now here we are all alone  
Here we are on our own  
And my emotions are running wild  
I really wanna let loose but it just ain't my style  
Still I gotta show you  
Make you know you  
Touch my soul you  
Got me outta control, ooh!  
I just wanna hold you  
Taste your lips and get close to you

[Repeat Chorus]
