When everybody keeps retreating, but you can't seem to get enough

Let my love open the door, let my love open the door

Let my love open the door to your heart

Let my love open the door, ooh

Let my love open the door

Let my love open the door, ooh

Let my love open the door

When everything feels all over, everybody seems unkind

I'll give you a four-leaf clover, take all worry out of your mind

Let my love open the door

Let my love open the door

Let my love open the door to your heart

Let my love open the door, ooh, to your heart

Let my love open the door, ooh

Let my love open the door, ooh

Let my love open the door, ooh

I got the only key to your heart

I can stop you falling apart

Try today, you'll find this way

Come on and give me a chance to say

Let my love open the door, it's all I'm living for

Release yourself from misery

There's only one thing going to set you free

That's my love, that's my love

Let my love open the door (to your heart)

Let my love open the door (to your heart)

Let my love open the door (to your heart)

Let my love open the door

When tragedy befalls you, don't let it drag you down

Love can cure your problems, you're so lucky I'm around

Let my love open the door

Let my love open the door

Let my love open the door to your heart
