I thought you put me in rapture  
I never asked you to dump her  
Thought you knew we'd have a high life  
Ba da ba da ba da ba ba

And still I see your philosophy  
Falling through my tainted mind  
Would you dig my dirt 'cause I'm so desperate  
Can't you see you're wasting time?

It ain't ever gonna feel this good, honey  
I've failed to tell you, to tell you now

That I've been fooled  
'Cause I'm not cool  
And the scissors slide  
Away with my pride

Speeding down a dead end track  
I wanted you, there's no way back  
Got a destructive appetite  
Ba da ba da ba da ba ba

Oh baby, please lift me off my knees  
A little smile can go for miles  
I may be young but I will grow up strong  
And by then she'll look like her mum

It ain't ever gonna feel this good, honey  
I've failed to tell you, to tell you now

That I've been fooled  
'Cause I'm not cool  
And the scissors slide  
Away with my pride

Just to be absolutely sure of the facts  
I'm happy to act just as a side salad  
Happy to act  
Happy to pay  
Happy to wait  
Baby, you're great

When your oven goes ping, I'll be there on your plate  
When your oven goes ping, I'll be there on your plate  
When your oven goes ping, I'll be there on your plate  
When your oven goes ping I'll be there on your plate  
When her oven goes bang

I've been fooled  
'Cause I'm not cool  
And the scissors slide  
Away with my pride
