I wanna prophesize
my vessel is capsized
I sailed through the tides
through my tears
through my cries

I'll go down with a smile
under the stormy sky
A passive suicide
A suicide I didnt invite

Live and let die
You're born with hands tied
I cant save your soul
for I lost mine long ago

Let me crawl into your heart
sting myself and burn your nest
let me crawl into your heart
For the wicked get the rest

I wanna alchemize
My sorrow with your smiles
And though I was chastised
And exhiled
I will rise

I'll Drag you down the aisle
Your hands cuffed close to mine
We'll sail the seven seas
And forever be lost at sea

Live and let die
You're born with hands tied
I cant save your soul
for I lost mine long ago

Let me crawl into your heart
sting myself and burn your nest
let me crawl into your heart
For the wicked get the rest
