What's driving me,
Is driving you.
Born from the same
Race, from the same blue.
You try to resist,
You try to resist,
But i tell you, tell you, tell you, tell you,
You're gonna stay.

Can you give me a ride baby?
Come on...please?

Trash it, trash it,
It's just a rental.
Trash it, trash it,
It's just a rental.
Trash it, trash it,
Don't be gentle.
Trash it, trash it,
It's just a rental.

What is you're name?
We want to know.
If you play our game,
You have to show.
Pull down all defences,
Pull down all defenses,
We'll take 'em, take 'em, take 'em, take 'em,
With our offences.

Trash it, trash it,
It's just a rental.
Trash it, trash it,
It's just a rental.
Trash it, trash it,
Don't be gentle.
Trash it, trash it,
It's just a rental.
