The summer is over There-esa  
I'm tryin' to tell you goodbye  
You know that I love you There-esa  
So you'll have no reason to cry

'Cause I'll be thinkin' of you night and day  
The thought of you will help me on my way-ay  
You're my little girl and to me you mean the world  
How I love you my little There-esa

Whenever you're lonely There-esa  
Remember that I'm lonely too  
And think of the good times There-esa  
Keep smilin' whatever you do

'Cause I'll be thinkin' of you night and day-ay  
The thought of you will help me on my way-ay  
You're my little girl and to me you mean the world  
How I love you my little There-esa

Yes I'll be thinkin' of you night and day-ay  
The thought of you will help me on my way-ay  
You're my little girl and to me you mean the world  
How I love you my little There-esa...
