"An Addicts' Lover"

Her mother used to hit her
To an uncontrolled consumption of an absolute solution
Experience with drug abuse
Taking this drug of peace
Slowly taking it's toll

Never question, love thru addiction
Collecting this emptiness
Recollect a calm self-centered guess
Every broken promise
To bleed the soul free
Faith is not the answer
A promise that must end

Left her standing to face her own way
Face to face

Thought you could...
Never thought you would...
Fall this steep

Overdose intentional
5 or 6 times
For reasons being to die

Broken out fight
Unable to focus

Late night on knees
Scraping scarred brush burns
A lethal move for ecstasy

Lying curled-up in the corner of the bathroom
Hung over from the night before
A wrong signal for an intertwined love affair
Putting yourself in a disaster over a childish dare
Eyes opening to smooth trail of blood on the floor
Leading to the trash can next to the door

You wanted to be intimate...he wanted to fuck
Skill of prostitution down the drain for one more dose

Indulge in the innocence of each other's addiction
Sitting next to your mate doing drug time
Vintage lust for a lost modern age
