Sad the eyes
Distance is your best friend
At night it comes
Will they hear?

Being alone is what you want
It's the only way that you feel safe inside
The darkness that is you must try and heal

Please hear me
The pain that i feel
Happiness was nowhere to be found

Here I am
You hear nothing that i said
I showed the signs
Please hear me

Being alone is what I want
It's the only way that I feel safe inside
The darkness that is me must try and heal

Please hear me
The pain that I feel
Happiness was nowhere to be found

Please hear me
I scream out for help
Have you even heard a word of mine
