i spend my last days
withering away
don't want to end like this

will you be my savior
and do this favor
i don't want to win like this

will you just help me now

this is my last wish
let me go on to the end
can you place to rest
this is my last wish

today is a good day
go out my own way
do you understand

let me keep my honor
at this late hour
do you understand

will you just help me now
this is my last wish
let me go on to the end
can you place to rest
this is my last wish

i leave to you
i lay my last wish onto you

i leave it all to you
i leave it all to you

this is my last wish
let me go on to the end
can you place to rest
this is my last wish

this is my last wish
(this is my last wish)

let me go on to the end
can you place to rest
this is my last wish
