innocence of the bruises on your face  
now lay in this filth to display  
gagged lungs... breathe the frost  
the stench of incest  
lay there quiet bitch  
it was your choice  
spitting in each others' mouth  
that was the extreme for you  
expose yourself with sticky fingers  
while the roses sink into crimson  
swallow the bitterness of my tongue  
absorb the nectar of my discharge  
as i watch the ecstasy run through you  
stop with all the bullshit games  
your life is at stake and you're to blame  
things seem hard now  
but you're dead to me  
think about hurt  
now i reflect that hurt on you  
time for this game at hand  
breaking down this norm  
replacing all that's gone  
grab by the throat  
you pressured me into this  
now you've gone too far  
i'll take advantage of this time  
making you a slave to anger

don't try slowing this hate  
the power i hold is fate  
white lace covered in indulgence  
lurid body covered in shame  
reflection of this degrading  
mother of a new race  
a kiss is nothing more than rage  
perish amongst courtship  
enchant the captor  
mesmerize the beauty  
blind only the unchosen  
eyes drill through walls of flesh  
looking upward with deep thoughts  
repress... repress my love...

down on your knees you slut  
prepare for this most tender fuck  
i'll make you lust for cunt  
silently violent  
endear... endear your cunt...  
shards of glass...  
precisely cut  
incisions made  
smearing this ecstasy  
on my genitals  
stifled bitch  
taped-up mouth...  
screams unheard  
yelling to make you choke  
this goatish act...  
tying these knots  
of swift beatings on you
